

# QUANTUM®

UNLOCK YOUR POTENTIAL

## QUANTUM® PRODUCT GUIDE

The Feniex Quantum—the world's first field customizable emergency warning product series. Our patented technology allows you to buy one product, at single-color cost, and unlock multi-color mode as needed. With single, dual, tri, and quad modes remotely programmable via an app, you will have endless flexibility under one part number.

Available in 4 configuration types: Single, Dual, Tri, and Quad across a family of 6 light bars, 5 light sticks, and 20+ vehicle specific inner bars. No more paying for technology that is not needed. No more long production wait times. Unlocked by a Feniex authorized dealer to any version depending on the customer's needs at an additional cost

MADE IN THE USA.  
PREMIER VEHICLE LIGHTING

## QUANTUM® UNLOCK SOFTWARE

Unlock Quantum® is free software available for the Quantum® product series to upgrade from Single color to Dual, Tri and Quad colors. Configure your product with colors, functions, modes, patterns, and brightness.

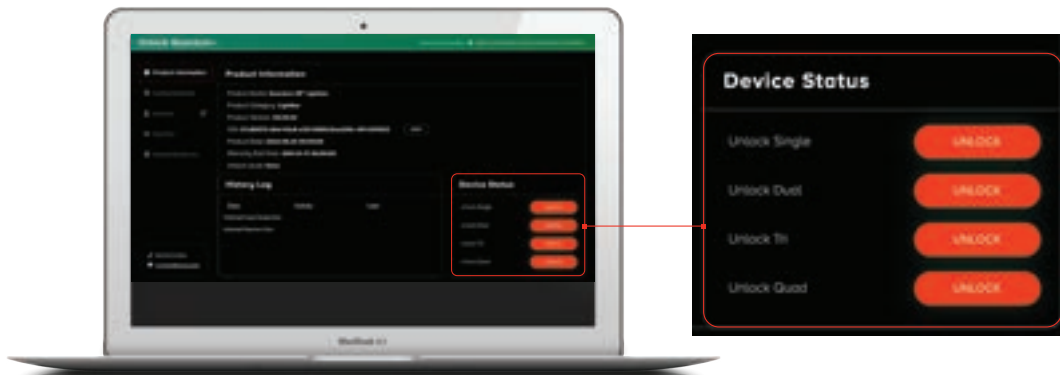

### ■ Download Unlock Quantum®

Download the Unlock Quantum® Software by using the QR Code below. Download the latest version available for both Mac and PC Computers. Use the 2-pin USB converter to connect your Quantum® product to your computer.

### ■ Upgrading Dual, Tri & Quad

To upgrade from Single color to Dual, Tri or Quad colors, open the Unlock Quantum® software and navigate to "Product Information". View "Device Status" in the bottom right corner to select Dual, Tri or Quad "unlock".

### ■ Setting Inputs, Functions, Patterns, Modes and Brightness

The Unlock Quantum® Software can set your inputs, patterns, modes, brightness and colors under "Config Quantum". Easy to use and configure your products within minutes. Save previous builds for quick configuration.

## QUANTUM® PRODUCT LIST

The Quantum® Series offers a full line of emergency warning lights, each equipped with 4-color capabilities in single, dual, tri and quad lighting. Each product is purchased at a low-cost single color with the ability to unlock additional colors in dual, tri and quad configurations. All products are configured with Unlock Quantum® software to add modes, color and functionality.

Reference the products below with the following page for dimensions, voltage, current draw, colors and wire harnesses.

## QUANTUM

### FAQ

Where to Buy:	Purchase the Quantum <sup>®</sup> products from any Feniex Dealer or directly from Feniex Industries, Inc.
How to Program:	Download the Quantum <sup>®</sup> Unlock Software. Use the 2-pin USB configurator to connect your Quantum <sup>®</sup> to your computer. Power your product and open the Unlock Quantum <sup>®</sup> Software. Use Feniex University to program functions, colors and modes.
How to Upgrade [dealer]:	Upgrade your product using the Quantum <sup>®</sup> Unlock Software.
How to Upgrade [end-user]:	Contact your dealer/installer or contact Feniex Industries, Inc.
Manufacturer Recommendations	Only program one unit at a time on the Feniex Unlock Quantum <sup>®</sup> Software.
Common Errors:	When connecting the Quantum <sup>®</sup> product to the computer using the 2-pin USB port, connect the white wire to port A (D+) and the green wire to port B (D-)

### DESCRIPTION:

The Feniex Quantum® it's the world's first patented 4 color brightest emergency warning product series. Available in 4 configuration types; Single, Dual, Tri and Quad across a family of 6 Light Bars, 5 light sticks, and 20+ Vehicle specific Inner Bars. At Feniex we will manufacture the Quantum® Series, with all 4 versions of Single, Dual, Tri and Quad, in 1 part number with the ability to be unlocked by a Feniex authorized dealer to any version depending on the customer's needs at an additional cost. No more securing customer configuration. No more paying for technology that's not needed. No more long production wait times. Pay for what you need and customize what you want, all under 1 part number.

- Available in Single, Dual, Tri and Quad Color Versions
- Each Module has Amber, Blue, White & Red Colors
- Computer Programmable with Unlock Quantum® Software
- Integrated Features & Functions:
  - Takedown, Alley & Flood Mode
  - Front & Rear Flashing Modes
  - DOT Stop-Turn-Tail Modes
  - Arrow Directional Modes
  - Dim & Cut-off Modes
  - Cruise & Park Modes
  - California Red Mode
- 4 User Programmable Modes
- Over 20 Warning Flash Patterns
- 60° Wide Optical Spread
- Integrated Cig Plug with 15' Harness
- Easy Field Serviceability with Plug-&-Play Connectivity
- Cable Length: 15'
- Compatible with Quad Converter & 28 modes

Anti-yellowing &amp; anti-cracking clear-coated polycarbonate Lens

Weatherproof Polycarbonate Plastic Base
